

SUB 1000 F

Product specification sheet

Powerful, reliable and ultra-compact, these are the characteristics of the SUB 1000 F. Equipped with a 12" (30cm) speaker driver with a natural Flax sandwich cone and a powerful 1000W BASH® amplifier, the SUB 1000 F will add the perfect finishing touch to your Home Cinema installation. The speaker driver is equipped with a dual magnet for improved linearity, and to ensure that an optimal magnetic force is delivered to the voice coil. The closed design of the subwoofer enclosure ensures it's free from interference.

Closed cabinet design with thick panels
No interference

Thick 1⁹/₁₆" front panel (40mm) with a High Gloss lacquered finish

Very high power 1000W BASH® amplifier

12" (30cm) woofer with Flax cone:
High rigidity, no distortion
Dual magnet:
Strong magnetic force, linearity

Rubber ring.
No visible screws for a sleeker design.

SUB 1000 F

Key features

- Compact closed subwoofer
- Very high-power BASH® amplifier (1000W)
- Speaker driver developed and manufactured in France by Focal
